Updated April 29, 2020

Profile

Human Geographer. Data scientist. Teacher. Interested in urban analytics, geo-demographics, urban transport, spatial inequalities, and big data applications in scarce data environments. Extensive experience in the domain of Geographic Information Systems, urban studies, and transport research. Possesses a wide skill set in the field of advanced spatial analysis, including experience with Python programming, R scripting, and PostgreSQL/PostGIS.

Present appointment

2018 - Present **Postdoctoral research associate**, University College London
Department of Geography. Geospatial Analytics and Computing Research Group. Working on the analysis and visualisation of big spatial population data sets; both historic and contemporary.

Previous appointments

2014 - 2017 **Junior lecturer** (part-time), Stellenbosch University
Department of Logistics. Tasks included thesis supervision of BSc (Honours) students and teaching the post-graduate course *Spatial Accessibility and Transport Network Analysis*.

2013 **Junior lecturer**, Utrecht University
Department of Human Geography and Planning. Tasks included thesis supervision of BSc students and teaching various undergraduate courses on Geographic Information Systems Human Geography and Planning.

2012 **Teaching assistant**, Stellenbosch University
Department of Logistics. Assistant in the course *Spatial Accessibility and Transport Network Analysis*.

2009 - 2012 **Teaching assistant**, Utrecht University
Department of Human Geography and Planning. Assistant in the courses *Introduction to GIS*, *Transport Geography*, and *Advanced GIS*.

Education

- 2014 - 2017 **Doctor of Philosophy**, Stellenbosch University
Transport Economics. Thesis: Designing Travel Behaviour Change interventions: A spatiotemporal perspective.
- 2011 - 2013 **Master of Science**, Utrecht University. GPA 4.0. **Cum Laude**.
Human Geography and Planning. Thesis: Towards spatial justice: The spatial equity effects of a toll road in Cape Town, South Africa.
- 2007 - 2011 **Bachelor of Science**, Utrecht University. GPA 4.0.
Human Geography and Planning. Thesis: Contemporary Orientalism? Representations of Islam and Muslims in the Dutch Press: a content analysis of 'De Volkskrant' and 'De Telegraaf', 2001-2010.

Grants

2020	Frank Carter Travel Fund, University College London £ 550
2015 - 2017	NRF-DST innovation scholarship, National Research Foundation and Department of Science and Technology ZAR 330,000
2016	Postgraduate travel grant, National Research Foundation ZAR 24,222
2015 - 2016	Stellenbosch merit bursary, Stellenbosch University ZAR 50,000
2014 - 2016	Scholarship award for full-time doctoral studies, Stellenbosch University ZAR 390,000

Papers presented at international conferences

1. "Platial geo-temporal demographics using family names". 2nd International Symposium on Platial Information science. *Warwick, United Kingdom, September 5 – September 6, 2019.*
2. "Using the spatial analysis of family names to gain insight into demographic change". 27th Conference of GIS Research UK. *Newcastle, United Kingdom, April 23 – April 26, 2019.*
3. "Mobile data collection techniques in sub-Saharan Africa: An outlook to the future of transport research". 11th Biennial Conference of the Society of South African Geographers. *Stellenbosch, South Africa, September 25 – September 25, 2016.*

4. "Designing a Voluntary Travel Behaviour Change Intervention: Smartphones and Space-Time Accessibility Analysis". Mobile Tartu 2016. *Tartu, Estonia, June 29 – July 1, 2016.*
5. "Gathering individual travel data with GPS-enabled smartphones: A proof of concept study". 34th Southern African Transport Conference. *Pretoria, South Africa, 6 July – July 9, 2015.*
6. "Twenty years of Freedom: The role of the Old Persons Grant in addressing unemployment and inequality in a young democracy". 12th Development Dialogue "Rethinking Democracy". *The Hague, the Netherlands, October 16 – October 17, 2014.*
7. "Towards spatial justice: The spatial Equity Effects of a Toll Road in Cape Town, South Africa". World Symposium on Transport and Land Use. *Delft, the Netherlands, June 24 – June 27, 2014.*

Guest lectures and invited research seminars

1. "What's in a name? Storing surname geographies for both visualisation and analysis". Guest lecture Graduate School Economic and Management Sciences. *Stellenbosch University, South Africa, March 8, 2019.*
2. "What's in a name? Storing surname geographies for both visualisation and analysis". Geo+Data London (AGI/CDRC event). *University College London, United Kingdom, December 4, 2018.*
3. "Using GPS-enabled smartphones for Voluntary Travel Behaviour Change interventions". Guest lecture Utrecht University Summer School on "GPS data analysis". *Utrecht University, the Netherlands, July 12, 2017.*
4. "GPS data analysis". Guest lecture Utrecht University in the course "Introduction to GIS". *Utrecht University, the Netherlands, February 18, 2016.*
5. "GPS data analysis". Guest lecture Utrecht University in the course "Introduction to GIS". *Utrecht University, the Netherlands, November 25, 2015.*

Enabling roles

- | | |
|-------------|---|
| 2019 - 2020 | <p><i>Undergraduate dissertation supervision</i></p> <p>Co-supervisor undergraduate dissertation. Institute of Education, University College London.</p> |
| 2019 | <p><i>"Technical Tuesdays" seminar series</i></p> <p>Co-organiser and speaker in this weekly Seminar Series on methods and techniques for quantitative researchers. GitHub: https://github.com/jtvandijk/TechnicalTuesdays</p> |

- 2019 *Nuffield Research Placement supervision*
Supervision of first-generation prospective university student.
- 2014 - 2015 *Social Sciences for Development conference*
Member of the local organising committee at Stellenbosch University for the 2015 conference.

Web development

- 2019 - Present *Gamble Aware*
Data analysis and visualisations on the geographical distribution of supply and demand for treatment and support for problematic gamblers.
- 2018 - Present *GBNames website*
Website development. GBNames explores the spread of family names across Great Britain, using historic censuses and recent consumer registers, and links surnames to consumer data statistics. The latest version of the website is accessible through: gbnames.mappingdutchman.com

External projects

- 2019 *Greater London Authority*
Preparation of selected data products on ethnicity, population churn, migration, and social mobility for the Greater London Authority.
- 2016 - 2017 *Harambee Youth Employment Accelerator*
Data analysis using well-known statistical techniques as well as more advanced machine learning classifiers for Harambee Youth Employment Accelerator to better understand, and possibly predict, successful job placements.
- 2016 - 2017 *Human Sciences Research Council*
Contributions project proposal for funding the establishment of a nationally representative cell phone panel of South Africans.
- 2009 *AfriScope*
Contributions to a study on the accessibility of government services in the Integrated Sustainable Rural Development (ISRDP) Nodes in South Africa.

Review

- 2020
Computers, Environment, and Urban Systems
Journal of Transport Geography
Transactions in GIS
- 2019
Transactions in GIS
Journal of Transport Geography

	The Israel Science Foundation (Grant review)
	Journal of Traffic and Transportation Engineering
2018	Journal of Transport Geography
	Computers, Environment, and Urban Systems
2016	Area Development and Policy
2015	Journal of Transport and Land Use

Core technical skills

<i>Geographic Information Systems</i>	R, Python, Q-GIS, ArcGIS
<i>Data processing</i>	R, Python, Bash, GNU Parallel
<i>Data analysis</i>	R, Python
<i>Data visualisation</i>	ggplot
<i>Project management</i>	Git, GitHub
<i>Web mapping</i>	Leaflet.js
<i>Web development</i>	HTML, CSS, JavaScript, Django
<i>Database management</i>	PostgreSQL
<i>Typesetting</i>	LaTeX

Language proficiency

Dutch	Native proficiency
English	Full professional proficiency
isiXhosa	Basic conversational proficiency
